

ELISENHEIM OWNERS ASSOCIATION

EOA CIRCULAR 51

To all Homeowners and Residents,

15 July 2024

Good day residents.

Following the recent problems experienced with Ujams and the Foul smell on the Estate, an urgent Trustee Meeting was held on the 10th of July 2024, during which discussion were held and the discission was taken to proceed with litigation. The Ministry of Environment has been approached in the matter. The Ministry has recently on the 8 July 2024, conducted a site visit to both Ujams Waste Water Treatment Plant and Elisenheim Estate. We await their feedback and report.

We will keep you updated regarding the feedback and progress.

Kind regards,

ESTATE MANAGEMENT
