

ELISENHEIM OWNERS ASSOCIATION

EOA Circular 63

4 February 2025

Dear Residents,

As residents of Elisenheim, we are privileged to live in a beautiful natural environment. However, we have observed an increase in littering across the estate, particularly in public spaces and along the fences.

We kindly urge all residents to remain vigilant and hold one another accountable for maintaining cleanliness. It has come to our attention that domestic, gardeners and contractors may be contributing to this issue. We encourage everyone to educate and remind those working within the estate about the importance of proper waste disposal.

Let us work together to preserve the beauty of our estate by ensuring that littering is not tolerated.

Your cooperation in this matter is highly appreciated.

Sincerely,

The Estate Management Team
