

ELISENHEIM OWNERS ASSOCIATION

STORMWATER CONCERNS

28 March 2025

Dear Residents,

Over the past couple of weeks, we have received many complaints regarding stormwater runoff between neighbouring properties. Please be informed that the EOA does not have the mandate to enforce any alteration of stormwater runoff, to any property on the Estate.

We have however formally engaged the City of Windhoek and herewith confirm that all stormwater concerns/disputes may be forwarded to their office. As always, the EOA encourages good neighbourliness and therefore advise residents to discuss and resolve stormwater concerns amicably.

Sincerely,

The Estate Management Team
